

Mango Committed is a thoughtfully crafted collection for women and men featuring fashion pieces committed to environmental sustainability.

A capsule of minimal, natural and organic garments defined by cutting-edge shapes and outstanding volumes that infuse modern spins.

Environmentally sensitive fabrics such as organic and recycled cotton, tencel or modal are combined with lower-impact dyes in a neutral palette to create a timeless and fashion-forward collection.

The selected location for the campaign has been the iconic Maison Gaudet, a masterpiece of organic architecture by Antti Lovag in Tourrettes-sur-Loup. A place where design and nature merge as a unified organism.

The modern world itself is changing and so are we. We are working towards a more ethical and sustainable fashion future, one garment at a time.
